Aesthetic Eye Plastic Surgeons

Your eyes are often the first thing people notice about you. What is the look your eyes are giving to others? Your eyelids create your youthful natural appearance. Dr. Sangeeta Logani specializes in Ophthalmic Plastic Surgery including cosmetic eyelid surgery and brow lift. We also provide non-surgical options for rejuvenation such as laser skin resurfacing, Botox, Restylane, Perlane, Juvederm, Radiesse and skin care. Isn't it time to be proud of your appearance? Age gracefully, later.
